[THE ARTIST]

From the battle floor.
Beyond the stage.

Born in Pará, Brazil, Fabricio developed his movement through Breaking, gymnastics, capoeira and martial arts. Power moves, acrobatic transitions and unusual combinations became central to his style.

Based in Germany, his work spans theatre touring, television, live music and commercial performance — including the Breaking Mozart Tour with DDC Entertainment, the SEEED BAM BAM Tour, televised shows and international Breaking competitions. He also works with choreography and dance education, with shows and workshops in Brazil, Germany and Egypt.
